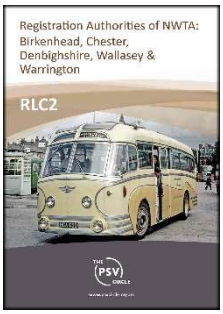
Area Registration Lists.



These are the first of a new series of books. They list registrations issued by County Councils and County Borough Councils of the North West Traffic Area from their inception in 1903/4 up to 30 September 1974. After this date, the Local Vehicle Licensing Offices were formed.

Some of the earlier issues of these registrations were first published in the British Journal in serialised form. This is the first time however that they have been brought together in one series of volumes, 1965-1974 registrations are included. Brief details of later LVLO-issued registrations in these series are included in the appendix.

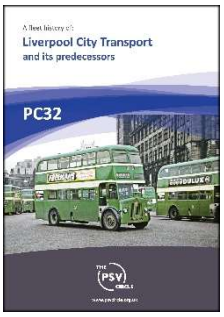
RLC2	Birkenhead, Chester, Denbighshire, Wallasey, Warrington	Jan-2023	£10.00

Fleet Histories.



These are all published by the PSV Circle and are thoroughly researched and give extensive information about the vehicles operated by the operator concerned. Details of companies taken over and of the subsequent operators of vehicles known at the time of printing are usually given.

The following list is arranged within the old Traffic areas. If a publication is not listed below, it is now out of print and no longer available. All publications are A5 booklet printed with card covers and illustrated. Publications from early 2006 feature some colour photographs where available.

Our newer series of Smaller Operators Fleet Histories is set out in County order rather than Traffic Areas.

If addenda have been prepared, these will be supplied with the publication.

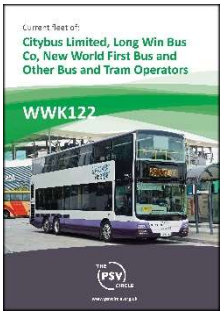
The Overseas World Wide Knowledge Series.



We publish a number of overseas books that are of operators who have been of interest to our members. Asian fleet lists are generally produced for those countries where a large number of British exported and/or British built buses can be seen.

The late Andrew G. Johnson produced a large number of South African fleet histories under his 'What We Know' nomenclature which we are pleased to still be able to offer some of these for sale.
