Cedar, Bedford. Fleet numbering - 12 (T692 KPU), 20 (T687 KPU) by10/10.

Hoar & Savage {Red Kite}, Tilsworth. G619 BPH has now been named '*Bill Bailey*' 10/10.

Landmark, Arlesey. A report elsewhere in a previous newssheet suggests this operator now has H663 GPF (Vo/EL) ex Collier, Earith (CM) in 8/10. Could any local reader offer confirmation of this before your sub-editor publishes the information.

Luton Borough Council, Luton. Former vehicle KX 03 HYU (MB/Pn) is now operating amongst the civil work (as staff transport) around Junction 12 of the M1, could anyone identify the new operator?

Palmer, Dunstable. The new licence application (above refers) featured in the latest Notices and Proceedings as "Palmer Grant Ltd". Investigations lead your sub-editor to believe this is incorrect, and should be as shown above.

Premier Connections, Luton Airport. YR 10 BFX, originally thought to be a demonstrator due to the fact it carried 'Scania' legal lettering is still operating here in 10/10, and advertised for use on the operators website, leading your sub-editor to believe it is a member of the fleet.

Speldhurst {Herberts}, Shefford. Could any reader offer the new registration for the ex Dublin Bus (EI) Vo Oly 97-D-372, which entered the fleet by3/10?

Query. Could any reader offer the operator of W403 KVL (lo / Translinc) seen daily in the Luton area carrying a blue operators licence, first seen in 10/10?

General

Collier, Earith. The Neoplan above is being converted to a Band Bus with bunks etc.

General (continued)

Emblings, Guyhirn. The disposal for A695 OHJ would suggest that the vehicle departed carrying XIL 8034, and was subsequently re-registered. L212 YCU is in full livery, and operates route 701 to Peterborough.

Preserved at Manea is LMG 184 Leyland LT9 Ld B39F. This is owned by D.Canham, of Canham, Whittlesey, who now is employed by Emblings. D706 NKY, part of the dealing stock has been sold to Griffin, Dunton Green (KT).

Goodman, Peterborough. OJD 878Y is in use as a rest room, B257 YBX in use as a store. TIL 4734(ex B115 DTG) and TGV 332R are ready for scrap.

Transport Solutions, Peterborough. A further MAN/Marco Polo is currently on loan for 7 days with an option to purchase.

Tuckwitts, Peterborough. Although the licence has ceased, operations continue under the other arm of contract services.

The 3 vehicles, V551 LUM, X537 RGD and KS 04 CKY are parked up at the OC, with no discs, and tax expired (9/10).

Young, Haddenham. C141 KFL is shown 'as obtained' to bring the vehicle into this fleet as current.

Thanks as usual to CSB and D.Knott. One further disposal to note is 'my man on his bike's' unregistered Raleigh, seating M1 (plus saddlebag) which departed 7/10 and he is now 'my man with a bus pass'.
