General

Jones, Llanfaethlu. Despite the assurances of the traffic manager on an earlier visit that it had gone (as he had probably never seen it), C353 SVV is still in the fleet, but has not been used for several years, and is stored within the Port of Holyhead, along with the rebodied single-deck Atlantean HIL 4349 (ex SUG 561M). Both are available for sale to preservationists, if there is any interest in these two very rare survivors.

Padarn Bus, Llanberis. The vehicles numbered 323-5 noted above are on loan from Mistral, Knutsford (Q), pending the arrival of the 'real' 323-5, which will be Wrightbus StreetLites, due to be registered MX 60 BXB/C/D.

Woolley, Newborough. Apologies for possible confusion surrounding the re-appearance of WTG 361T here, and the removal of WTG 351T. Having received a note informing him that WTG 351T was here, and not WTG 361T, a correction was made in 847. However, two recent reports of WTG 361T being seen en route to, and in, the breaker's yard in 10/10 confirms the original identity as the correct one. That being the case, 351 has now been removed from the records, and 361 reinstated. Our roving scrapyards reporter, Andy Barlow, notes that all the Bristol VRs were parked in what could be considered the 'resale' area at Hardwick's yard, so their demise may not occur immediately.

General

Brodyr Williams, Upper Tumble. One of DAF VH VWG 383 or EOS JSV 472 has become C49FT. Does anybody know which one ?

Lets Go, Fforestfach. 16 (HIG 6244, ex M241 XWS, M240 LYK, 16 RN 62, M420 LYK, 16 RN 62) repainted into Swansea Bus.com livery and re-numbered to 10 9/10.

Morris, Llanrhaeadr-ym-Mochnant. M431 UNW entered service as fleet number 231.

Richards, Cardigan. T510 RDE was sold to Arriva, Gomersal (Q) in 3/09. However it remained unsold and has arrived back in the fleet. MX 10 DXH was first registered in the UK 6/10. However it operated airside at Guernsey Airport since 5/09 and therefore was never licenced until its return to the mainland. It carried MX 09 HHP plates prior to being sent to Guernsey but was never licenced as such.
