General

Extreme Ware, Kingussie (XSN). VVV 954W appears not to have been used by Extreme Ware.

Perry Golf, Helensburgh (XSW). Online sources now allow us to follow vehicles despite the new operators being unknown.

P 17 GLF left Perry Golf 3/04, was re-registered L900 LGC 2/08, back to P 17 GLF 3/10, and another change of keeper 4/10 with a re-registration to Y686 LCS in the same month. All we need to know now are the identities of the two subsequent keepers, both of which are very likely to be in the golf tour business. In a similar situation, R709 SSA (ex P 4 GLF) left Perry Golf 11/08 but is known to have been re-registered A 2 XRY 4/09 with its new keeper.

Red Cross, Aberdeen (XSN). AE 07 FXV (834-9-201) is also claimed by St John Ambulance, Marylebone (XLN) (824-1-188). It has been noted in Aberdeen early in 2010 and in Inverness 10/10 so is now an (XSN) vehicle, but was it new in (XLN) ? There is no direct connection between the Red Cross and St John Ambulance, and the latter does not operate in Scotland. The registration and chassis / conversion combination are typical of recent Red Cross deliveries.

General (continued)

Scottish Power, Glasgow (XSW). SF 09 LGJ & SF 09 LGK are based at Cruachan on Loch Awe for use on visits to the underground power station there.

West Lothian Council (XSS). 3792 (G292 DSG) Fd Tt Do B16FL, recorded as gone by 2/99, was noted in Aberdeenshire as a mobile caravan 8/10.

Youngson, New Byth. JGE 512T is currently licensed, but as a 'special purpose vehicle'. Presumably no longer C45F but for what purpose? Display? Transporter? Horsebox? Caravan?

2nd Stornoway Scouts, Upper Garrabost (XSN). JAZ 8173 (ex MNM 35V) is an immobile scout hut at Borve.

Of the above 438/42/3/8/9, 501/2/5/10/3/5/6/20/33/8 are listed as spare vehicles.

The list shows 437 (90-DL-6198, ex G278 EOG) as being a spare schools vehicle based at Letterkenny. However photographic evidence confirms that this vehicle was broken up at Bunrana in 9/10. Both 460 (NXI 4626) and 476 (NXI 4625) are also shown as being spare vehicles based at Londonderry. However both are out of use and have recently been moved to the companies store near Bunrana.

General

256 (NEZ 9256) has been detaxed after suffering serious accident damage.

The disposal of 1301 (PXI 1301) is a paper exercise only, the fire damaged remains of this vehicle having been removed some months ago. Ulsterbus (NI) have been awarded the contract to operate the new Cairnshill Park and Ride service which is due to commence on 1/11/10. Seven vehicles will operate the service, 2227-9 (O EZ 7227-9) and 2412-5 (UEZ 2412-5), all of which are to receive a new special green livery. 485 (BFZ 8485) was hijacked and set on fire during street disturbances at Cloughfern roundabout, Newtownabbey on 26/10/10. The vehicle was a total write off. It had only been in service for six weeks. There are in fact only 29 x Sca Wt 'Rural' buses on order, the first of which is due in 12/10. Fleet numbers will be 494-500 and 551-72. Eight of the batch are understood to be for use on the service to Belfast International Airport, displacing the existing fleet of Sca Wt vehicles currently operating the service. Former Citybus (NI) 2704 (LAZ 2704) was moved from Belfast to Londonderry on 25/10/10. It is to be used as a source of spare parts for the fleet of similar Ulsterbus (NI) vehicles based there. A physical check confirms that 1656-60 (BCZ 1656-60) still retain their toilets.

General

Chambers {Chambers Coach Hire}, Money more. This operator who is Northern Ireland's largest private operator and one of the longest established was placed in administration on 22/10/10. At the time of writing operations were continuing however it is understood that the private hire side of the operation has been sold to an as yet unknown buyer.

Lavelle, Lavelle & Johnston {Belfast City Sightseeing}, Belfast. PUI 11 (ex BIG 7, F816 YLV), PUI 111 (ex XEZ 3224, EEH 909Y, 83-LH-931, EEH 909Y) and PUI 1111 (ex BOK 28V) were all sold at the 4/10 auction on the understanding that the cherished registrations remained with the vehicles. It subsequently transpired that the operator had in fact re-registered these vehicles. HM Customs & Excise agreed to void the original sale and they were all offered for resale in 10/10.

General (continued)

Quinn {Quinn's Coaches}, Ardboe. AXZ 6490 (ex 99-D-461) had a wheelchair ramp fitted in the centre exit door whilst the vehicle was undergoing conversion to partial open top. The centre folding doors have been removed and replaced by an opening outwards hinged door.
