FLEET HISTORIES

These are all published by the PSV Circle and are thoroughly researched and give extensive information about the vehicles operated by the operator concerned. Details of companies taken over and of the subsequent operators of vehicles known at the time of printing are usually given.

The following list is arranged within the old Traffic areas. If the publication is not listed below it is now out of print and no longer available. Older publications are A4, foolscap or quarto duplicated format - some with photographs. More recent publications are A5 printed and illustrated (these are noted +) on the list below. Most publications from early 2006 feature some colour photographs.

Our new series of Fleet Histories of smaller operators is set out in County order rather than Traffic Areas.

If addenda have been prepared, these will be supplied with the publication.
