These can only be viewed and purchased through our website. See the **Reduced To Clear** option at [www.psvcircle.org.uk](http://www.psvcircle.org.uk) for details and to order securely. If you do send an order by post you will be directed to the website.

# FLEET HISTORIES

These are all published by the PSV Circle and are thoroughly researched and give extensive information about the vehicles operated by the operator concerned. Details of companies taken over and of the subsequent operators of vehicles known at the time of printing are usually given.

The following list is arranged within the old Traffic areas. If a publication is not listed below it is now out of print and no longer available. All publications are A5 booklet printed with card covers and illustrated. Publications from early 2006 feature some colour photographs where available.

Our newer series of Fleet Histories of smaller operators is set out in County order rather than Traffic Areas.

If addenda have been prepared, these will be supplied with the publication.

## **THE OVERSEAS WORLD WIDE KNOWLEDGE SERIES**

We publish a number of overseas books that are of operators who have been of interest to our members. Asian fleet lists are generally produced for those countries where a large number of British exported and British built buses can be seen.

The late Andrew Johnson produced a large number of South African fleet histories which we are pleased to still be able to offer for sale.
